## Unofficial Transcript

This unofficial transcript is a cumulative listing of the earned credits recorded on your TESU academic record. Courses taken at TESU appear in the list with a term designated. Courses without a term designation are transfer credits. Please be aware that the information in this unofficial transcript is not formatted in the same manner as it is on your official TESU transcript. In addition, not all these credits may be reflected on your academic degree evaluation since the evaluation shows credits as they are used to fulfill degree requirements. For details on official transcript formats and information, please visit the [University Website](#).
